Q15. Which would you prefer, choose one of the following:

	On-line	Paper	Combined	
• No entry gate to Kala Point at all.	40	14	54	9.08%
• The same or similar entry gate as we have had for the past five years: open during the day, closed nights and weekends.	121	12	133	22.35%
• The same or similar entry gate as we have had for the past five years: open during the day, closed nights and weekends, but supplemented with a periodic guard during the summer at an additional assessment per lot of approximately \$25 per year.	95	9	104	17.48%
• A new, faster operating gate closed nights and weekends that prevents tail-gating when closed but which has no increase in assessments.	104	17	121	20.34%
• A new, faster operating gate, closed nights and weekends, supplemented with traffic-spikes to protect the gate to prevent entrance through the exit gate, which would have no increase in assessments.	48	4	52	8.74%
• A new, faster operating gate which would be closed to all unauthorized users at all times (24/7) and which would have no increase in assessments.	63	16	79	13.28%
• A new, faster operating gate, supplemented with traffic-spikes, which would be closed to all unauthorized users at all times (24/7) and which would have no increase in assessments.	42	10	52	8.74%
	513	82	595
